Submit Your Senior Portrait and Grad Ad!

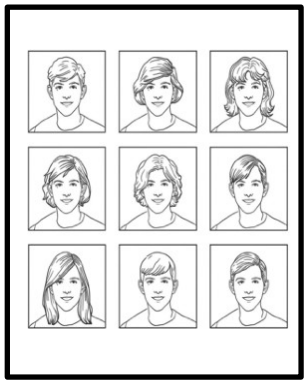

You can request to swap out your Dorian/ASB picture for a preferred portrait if submitted by **November 13th, 2026.** Your preferred portrait does not have to be taken by a professional. Any phone or camera can take a good portrait.

Just remember how your picture will be presented.

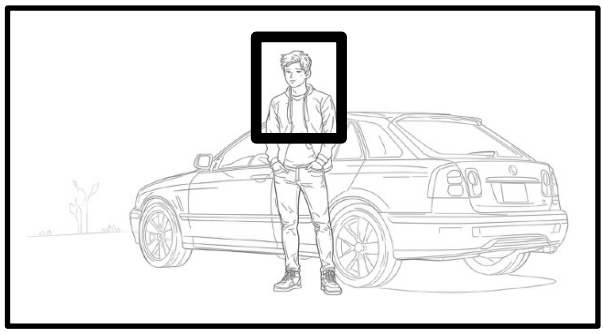

Senior portraits are vertical pictures. Like your official school picture, they are intended to show your face and shoulders.

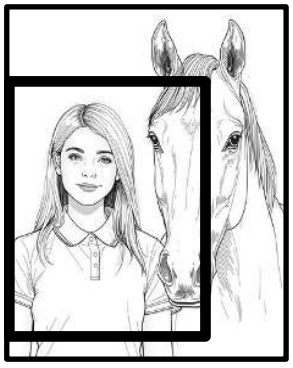

You also share the page with other students so it will be smaller when it is printed.

A horizontal photo will have to be cropped:

Even your vertical picture may have to be cropped so you are not too small on the page:

Your picture should be in focus and properly exposed. It should clearly show your face. No sunglasses, costumes, or props that obscure your face. No AI, no weapons, or inappropriate objects. The yearbook editors reserve the right to reject photographs that are not school-appropriate or contain content that does not fit the purpose of the page.

☞ If you don't send in a picture by **November 13th, 2026**, we will use the school photo taken by Dorian.

Link to the yearbook photo upload site:
https://snap.yearbookforever.com/

Access Code: **chs27** (This is case sensitive and no space between the s and the 27)

Please make sure of the following before uploading your one Senior Portrait:

1. The photo must be 2MB or larger (a photo in KB is too small, anything smaller than 2MB won't look right in the book); the program also won't take anything over 10-15 MB, either.
2. It's a picture of only you - no hats, sunglasses, props, animals, cars, etc. Save those for Grad Ads or your announcements.
3. It needs to be a head and shoulders shot - we will crop any full body picture down to your head and shoulders.
4. It's an actual photo, nothing Photoshopped, AI or anything like that. This is a senior portrait picture. We have all sorts of places pictures like that can go in the book - save them for the next Photo Request when we start asking for specific yearbook submissions, candids, etc.
5. Please upload only the one picture you want used in the 2027 yearbook.
6. Please be sure to put the CHS Senior's name in the program that you upload it to, the email you use can be the student, a parent or photographer. By sharing your email you will receive confirmation that the picture was uploaded to the program.

Senior Ads – also due November 13:

You can access the ad submission page through this link: https://yearbookforever.com/

☞ Please note that a **PERSONAL COMPUTER** is best for creating your ad. Avoid using work computers – these networks have firewalls, antivirus software, or pop-up blockers that can interfere with the website's features. Phones or tablets may not cooperate either. Please see next page.
